Post-Mortem Toxicology Testing: Better Understanding of Drug Suspected Deaths Through Local Partnerships

Description:

In situations where a proper autopsy does not occur, toxicology testing can offer context into a death. Nebraska Department of Health and Human Services, through the Comprehensive Opioid Abuse Program Grant, has partnered with NMS Labs to subsidize some post-mortem toxicology testing services. General guidelines for the program are that NE DHHS will cover the full cost of basic or expanded panels of drug suspected deaths (for any reason) irrespective of the results of the screening.
